PLANS STRESS DEVELOPMENT OF DEEP-SEA FISHING

Deep-sea fishermen have almost completed their preparatory work for this year's herring catch. Ocean-going ships are now undergoing through technical inspection; they are equipped with new nets and their crews have been increased with newly trained personnel. Fishing cutters will engage in work competition to exceed the plan.

Recently, cutters of the Arka and the Balta fishing enterprises, and two cutters of the Jednosc Rybacka fishing cooperative, the GDA 25 and GDA 38, have fulfilled their fish-catch plan.

The cutter GDY 72, from the Losos-Jankowski fishing cooperative in Gdynia, has already fulfilled its yearly plan.

BUILDS EXPERIMENTAL FISH PONDS -- Warsaw Rzeczpospolita, 28 May 50

The Administration of State Farms in the Legnica Region, in cooperation with the Wroclaw University, will build 10 one-hectare experimental fish ponds for research in breeding, feeding, weight increase, and diseases of fish. The experimental stations will be built in the area of the fish breeding enterprises of the State Farm in Milicz.
